Summary of significant accounting policies and other explanatory notes for the year ended 31 March 2024

Company information

Sha Homes Private Limited ("the Company") was incorporated on 11th March, 2016 having its registered office at- D N Market, Bailay Road, Near Jagdeo Path More, Ardanibagh, Patna - 800014 (Bihar).

Significant accounting policies

a. Basis of preparation of financial statements

The financial statements are prepared under historical cost convention on an accrual basis, in accordance with the generally accepted accounting principles in India including the Accounting Standards specified under section 133 of the Companies Act, 2013 (the 'Act'), as applicable. These financial statements have been prepared on a concern basis and the accounting policies have been consistently applied by the Company.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of the services and the time between the provision of services and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current assets classification of assets and liabilities.

b. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized in the year in which the results are known/materialize.

c. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company, the revenue can be reliably measured and there is certainty of ultimate collection.

d. Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

e. Property, plant and equipment and intangible assets

Property, plant and equipment

Tangible fixed assets are stated at the cost of acquisition or construction, less accumulated depreciation and impairment losses, if any. The cost of an item of tangible fixed asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any attributable costs of bringing the asset to its working condition for its intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Advances paid towards acquisition of tangible fixed assets outstanding at the Balance Sheet date, are shown under long-term loans and advances and cost of assets not ready for intended use before the year end, are shown as capital work in progress. Subsequent expenditure related to an item of tangible fixed assets are added to its book value only if they increase the future benefits from the existing asset beyond the previously assessed standard of performance.

Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a straight-line basis over their estimated useful lives.

f. Depreciation

Depreciation on property, plant and equipments is provided on Straight Line Method at the rates specified in Schedule II to the Companies Act, 2013. Depreciation on additions to Property, plant and equipments is provided on pro-rata basis from the date the asset is put to use. Depreciation on sale / deduction from fixed assets is provided for up to the date of sale / deduction / scrapping, as the case may be.

g. Impairment of assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. Recoverable amount is higher of an asset's net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

h. Taxes on income

Current tax is determined as the tax payable in respect of taxable income for the year in accordance with relevant tax regulations.

Deferred tax resulting from timing differences between book and tax profits is accounted for at the current rate of tax or substantively enacted tax rates at the Balance Sheet date, as applicable, to the extent that the timing differences are expected to crystallize.

Deferred tax assets are recognized where realization is reasonably certain. In case of carried forward losses or unabsorbed depreciation, deferred tax assets are recognized only if there is a virtual certainty of realization supported by convincing evidence. Deferred Tax Assets are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

i. Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made. Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

Sign exchange transactions (if any)**Initial recognition**

Transactions in foreign currency are recorded in the functional currency by applying to the foreign currency amount the exchange rate prevailing on the date of the transaction.

b) Conversion

Monetary items denominated in foreign currency as at the Balance Sheet date are converted at the exchange rate prevailing on that date.

c) Exchange differences

Exchange differences arising on the settlement/ restatement of monetary items at the rates different from those at which they were initially recorded during the year reported in the previous financial statements, are recognised as income or expense in the year in which they arise.

k. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

3. Notes on Accounts

- i Claims against the company not acknowledged as debts. - NIL
- ii None of the employees of the company has been in receipt or entitled to receive a remuneration of Rs.60,00,000 per annum or Rs. 5,00,000 p.m. for any part of the year.

iii Related Party Disclosures

As per Accounting Standard 18, the disclosures of transactions with the related parties are given below:

(i) List of related parties where control exists and related parties with whom transactions have taken place and relationships:

Sl. No.	Name of the Related Party	Relation
1	Sanjay Kumar	Director
2	Ramji Singh	Director

(ii) Transactions with related parties

(Amount in Hundred thousand)				
Sl. No.	Name of Related Party	Amount in thousand	Nature of Transaction	Enterprises over which Director or Director is able to exercise control
1	Sanjay Kumar			
2	Ramji Singh	6,000.00	Remuneration	
		6,000.00	Remuneration	

iv Earnings Per Share (EPS)

Basic earnings per share amounts are calculated by dividing Net Profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share are calculated by dividing the Net Profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of shares that would be issued on the conversion of all the dilutive potential equity shares into ordinary shares.

In terms of Accounting Standard-20, the calculation of EPS is given below :-
