Note - 1. Significant accounting policies

1.1 Basis of preparation of financial statements

The financial statements of the company have been prepared under the historical cost convention, in accordance with generally accepted accounting principles in India (Indian GAAP) on an accrual basis. The company has prepared these financial statements to comply in all material respects and the relevant provisions of the Companies Act, 2013, to the extent applicable and the guidance notes, standards issued by the Institute of Chartered Accountants of India. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

1.2 Use Of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

1.3 Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.
Intangible assets are stated at cost of acquisition net of recoverable taxes,trade discount and rebates less accumulated amortisation/depletion and impairment loss,ifany. Such cost includes purchase price and any cost directly attributable to bringing the asset to its working condition for the intended use.
The amortisation period and the amortisation method are reviewed at each reporting date.

1.4 Depreciation

Depreciation on fixed assets is determined based on the estimated useful life of the assets using the written down value method as prescribed under the schedule II to the Companies Act, 2013. Individual assets costing less than Rs. 5000.00 or less are depreciated within a year of acquisition. Depreciation on assets purchased/sold during the period is proportionately charged.

1.5 Employee benefits

Short Term benefits are recognized as an expense at the undiscounted amount in the statement of Profit and Loss of the year in which related service is rendered. All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present
legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.
Retirement benefits in form of gratuity, leave encashment etc. will be accounted as and when statutory liability arises. The company has not incurred any liabilities in respect of Payment of gratuity act till the end of the year. However,no provision has been made for liability accrued in respect retirement benefits in form of gratuity, leave encashment etc as on the end of the financial year.

1.6 Government grants

The assessee has not received any government grant during the previous year, thus there is no disclosure required

1.7 Investments

The company does not carrying any investment.

1.8 Inventories

The company is engaged in Construction Business . The stock of construction materials, stores, spares and embedded goods and fuel is valued at cost or net realisable value, whichever is lower. Cost is determined on weighted average basis and includes all applicable cost of bringing the goods to their present location and condition. Net realisable value is estimated selling price in ordinary course of business less the estimated cost necessary to make the sale.

1.9 Revenue recognition

Revenue from constructed properties is recognized when all the following conditions are satisfied;
1. The compnay has transferred to the buyer all significant risks and rewards of ownership and the company retain no effective control of the real estate to a degree usually associated with ownership.
2. No significant uncertainty exists regarding the amount of the consideration that will be derived from the real estate sales; and

1.10 **Income Taxes**

Tax expenses comprise current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidences that they can be realized against future taxable profits. Deferred tax assets are reviewed at each reporting date.
Minimum Alternate Tax paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the guidance note on accounting for credit available in respect of minimum alternate tax under the income tax act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" at each reporting date.

1.11 **Provisions and contingent liabilities**

The company recognizes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a present obligation that cannot be estimated reliably or a possible or present obligation that may, but probably will not, require and outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.12 **Earning Per Share**

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year-end, except where the results would be anti-dilutive.

1.13 **Cash Flow Statement**
