SCHEDULE : "26"

Notes on Accounts and Significant Accounting Policies annexed to and forming part of Balance Sheet as on 31.03.2024 and Profit and Loss account for the year ended 31.03.2024

Basis of Preparation of Financial Statements:

a) The financial statements have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP) under the historical cost convention on an accrual basis in compliance with all material aspect of the Accounting Standard (AS) notified under Section 133 of the Companies Act, 2013 read together with rule 7 of the Companies (Accounts) Rules, 2014. The accounting policies have been consistently applied by the company and are consistent with those used in the previous year.

b) All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle, and other criteria set out in the schedule III to the companies Act, 2013. Based on the nature of product and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as up to twelve months for the purpose of current/non- current classification of assets and liabilities.

1.2. **Use of Estimates**:

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and disclosure that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

1.3. **Tangible Fixed Assets and Depreciation:**

a) Tangible Fixed Assets are stated at cost, less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any attributable cost of bringing the assets to its working condition for its intended use and is net of cenvat credit, trade discounts and subsidy wherever applicable.

b) Depreciation on Tangible Fixed Assets is provided on Written down Method (WDV) using the rates arrived at based on the useful lives of the respective assets prescribed in Schedule II to the Companies Act, 2013. Depreciation on amounts of additions to fixed assets during the year or on its disposal/ demolition/ destruction of fixed assets during the year is provided on pro-rata basis as per Schedule II. As per Note 7 to the Schedule II to the Companies Act, 2013, the carrying amount of the fixed assets as on 1st April, 2017 has been depreciated over the remaining useful life of the asset after retaining the residual value @ 5% of cost. Wherever the remaining useful life of the asset is NIL as per Schedule II, the carrying amount as on 1st April, 2017 is recognized in the opening balance of retained earnings.

1.4. Impairment of Assets:

At each Balance Sheet date, the company assesses as to whether there is any indication that an asset is impaired. If any such indication exists, the company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. However, as per the assessment made by the company as on the balance sheet date, there is no such indication of any impairment of any asset during the year under report and therefore there is no effect of impairment loss in the financial statement for the year under report.

1.5. Borrowing Costs:

Borrowing costs attributable to acquisition and construction of qualifying assets are capitalized as a part of the cost of such assets up to the date when such assets are ready for its intended use. Other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

1.6. Foreign Exchange Transactions:

Translations in foreign currency are recorded at the rate of exchange prevailing on the date of the transaction. Foreign currency monetary items are reported using closing rate of exchange at the end of the year. There are no long term foreign currency items in case of the company. Exchange difference on restatement of all a monetary items is recognized in the Statement of Profit and Loss.

1.7. Investments:

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investment are made, are classified as current investments. All other investments are classified as long-term investments.

a) Investments are recorded at cost on the date of purchase. Current investments are stated at lower of cost or net realizable value. Long Term investments are stated at cost after deducting provisions made, if any, for other than temporary diminution in the value.

1.8. Inventories:

a) Raw Materials and Packing Materials (If any) are valued at lower of cost or net realizable value. The cost formulae used is on Weighted Average basis. However, these items are considered to be realizable at cost if the finished products, in which they will be used, are expected to be sold at or above cost.

b) Finished Goods and Work-in-Progress are valued at lower of cost and net realizable value. Finished Goods include costs of conversion and other cost incurred in bringing the inventories to their present location and condition. Work-in-Progress includes raw material & packing material cost only. Cost of inventories is computed on a Weighted Average basis and includes materials, labour and an appropriate share of production overheads.

c) Trading Goods are valued at Cost.

d) Proceeds in respect of sale of raw material (not significant) are credited to respective head. Obsolete, defective and unserviceable inventory are duly provided for.

e) Excise duty on goods manufactured by the Company and remaining in inventory is included as a part of valuation of Finished Goods wherever applicable.

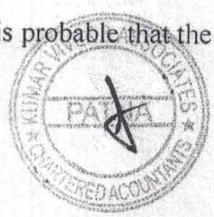

f) Cost includes non-recoverable Duties and Taxes.

1.9. Government Grants:

Government Grants are recognized when there is a reasonable assurance that the same will be received and all attaching condition will be complied with. Revenue grants are recognized in the Statement of Profit and Loss. Capital grants relating to specific Tangible/ Intangible Assets are reduced from the gross value of the respective Tangible/ Intangible Assets. Other capital grants in the nature of promoter's contribution are credited to capital reserve.

1.10. Revenue Recognition:

a) Revenue is recognized to the extents that it is probable that the economic benefits will flow to the company and can be reliably measured.

b) Revenue from sale of products is recognized when the significant risks rewards of ownership of the goods have passed on to the buyer which is generally on dispatch of goods in case of domestic sales and on the basis of bill of lading/airway bill in case of export sale. Sale of goods are recorded at net of returns, trade discounts, rebates, Sales Tax, Value Added Tax and gross of Excise Duty.

c) Revenue from services are recognized as they are rendered based on agreements/ arrangements with the concerned parties.

d) Interest Income is recognized on a time proportion basis taking into account the amount outstanding and applicable interest rate.

e) Dividend income on investment is accounted for when the right to receive the payment is established.

1.11. Retirement and Other Employment Benefits:

a) Defined Contribution Plan:

b) Defined Benefits Plan:

The Company's liabilities under payment of Gratuity Act, Long Term compensated absences and pensions are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method except for short-term compensated absences, which are provided for based on estimates. Actuarial gains and losses are recognized immediately in the statement of profit and Loss as income as income or expense. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the Balance Sheet date on Government bonds where the terms of the Government bonds are consistent with the estimated terms of the defined benefit obligation.

1.12. Taxes on Income:

a) Tax expense comprises of current and deferred tax.

b) Provision for current tax is made on the basis of estimated taxable income for the current accounting year in accordance with the Income Tax Act, 1961. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the assets and the liabilities on a net basis.

c) The deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been substantively enacted as of the Balance Sheet date. Deferred tax assets arising from timing differences are recognized to the extent there is reasonable certainty that these would be realized in future. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date. The company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain, that sufficient future taxable income will be available against which deferred tax assets can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain, that sufficient future taxable income will be available. In case of unabsorbed losses and unabsorbed depreciation, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profit. At each Balance Sheet date the company reassesses the unrecognized deferred tax assets.

d) Minimum Alteration Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the ICAI the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same

at each Balance Sheet date and writes down the carrying amount of MAT credit Entitlement to the extent there is no longer convincing evidence to the effect that the company will pay normal Income Tax during the specified period.
