To whom it may concern

I here by certify that the eighty percent pile work has been completed. The process of activity consists of boring of piles and casting them simultaneously. However the work has been obstructed due to water logging of whole area and locality around the construction site **"Karta Griham"** situated at Mauza – Kothwa, Survey Plot No.- 110, P.S.-Danapur, Dis.-Patna.

The supervision of site was done by me on dated 31 December 2019. The workmanship of the pile work completed and material used has been satisfactory.
