W Significant accounting policies

W1 Corporate information The Vineet Homes Private Limited is domiciled in India and incorporated under the provisions of the Companies Act,1956 on 3rd February, 2004. The Company is engaged as a builder

W2 Significant accounting policies The financial statements of the Company have been prepared on accrual basis under the historical cost convention in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 (as amended from time to time) and the relevant provisions of the Companies Act, 2013, besides the pronouncements/guidelines of the Institute of Chartered Accountants of India.

W3 Basis of accounting and preparation of financial statements : The entity is a Small Company as defined under Section 2(85) of the Companies Act 2013 and is also a small and medium sized company. As such the provisions of the Act and guidance of the ICAI not applicable to small and small and medium sized company are not applicable to this Company

W4 Use of estimates : The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the difference between the actual results and the estimates are recognized in the periods in which the results are known/materialized.

W5 Revenue recognition : The main activities of the Company is that of a "builder and property developer". The Company is following the "Proportionate completion method" for sale of built-up space, as on allotment to buyers, the quantity, quality and consideration get fixed and the entity can not normally vary the terms, though the ownership technically remains with the entity. Under the method adopted, the value of work-in-progress, after a project has achieved reasonable progress, is adjusted through value addition, to take into account proportionate profit earned/loss incurred. However, as less than 25% of the work is completed, for construction activity as builder, the total cost of construction, including administrative and other direct costs, are debited to "Construction Work in Progress". The revenue for civil construction works as contractor, if any, is calculated on basis of percentage of completion method as per the guidelines of AS-7 laid down by the Institute of Chartered Accountants of India.

W6 Work-in-progress : Work-in-progress in respect of each project in progress is first valued at the close of the accounting year at the aggregate of the cost of materials consumed, labour charges and other expenditure incurred on the project. Thereafter, an adjustment for value addition is made as stated in W5.

W7 Inventories : Inventories are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Wooden scaffolding and shuttering materials (not expected to last for more than one year) and other building hardware materials like belcha, karai, gaitha, dhama, etc. are charged to revenue in the year of purchase.

W8 Employee benefits The Company has neither provided for nor quantified gratuity liability. No provision/quantification was made for PF/Labour cess.

UDAY DUTT A

Pushpam Jha

DUTT & KHAN PATNA-1 CHARTERED ACCOUNTANTS

W9 Depreciation and amortization : Depreciation has been provided for on the written-down-value method (WDV) as per the rates prescribed in Schedule II to the Companies Act, 2013. Depreciation is charged from the quarter of purchase in the case of acquisitions made during the year. In respect of assets sold depreciation is provided up to the quarter of sale.

W10 Taxes on income : The Company's income taxes include taxes on the Company's taxable profits, adjustments attributable to earlier periods and changes in deferred taxes. Valuation of all tax liabilities/receivables are carried at current amounts and in accordance with the enacted tax laws and in the case of deferred taxes, at rates that have been substantively enacted. Deferred tax is calculated to correspond to the tax effect arising when final tax is determined. Deferred tax corresponds to the net effect of tax on all timing differences which occur as a result of items being allowed for income tax purposes during a period different from when they were recognised in the financial statements.

W11 Contingent Liabilities and Contingent Assets : Contingent liabilities/contingent assets are neither recognized nor disclosed in the financial statement.

W12 Previous Year Figures: Previous year figures have been rearranged and regrouped wherever required.

W13 Disclosure in respect of Related Party transactions
